On the PRO end of the UofM Pro-Am competition: The LaSalle family came to lend their announcing expertise (Sam) and their show running expertise (Adam) to the already awesome talents of Eric Hoberg. I have attended this show since the early 1990's, and it is a terrific way to start off the season! Scott Keuhn originated the idea of a Pro-Am where professional competitors would come and help coach and encourage the collegiate (amateur) competitors. The show has evolved to have a few team events where a pro and a collegiate competitor are teamed up together to complete an event. This is a much anticipated facet of this competition by both the college and the pro competitors. The ALA sponsored the prize money for these events this year. See the results on the next page!

UofM Pro-AM Results

Our plan to have the summer meeting at Logger Days at the Jack have been postponed due to the cancellation of this show. The board will be letting the membership know about new plans as we determine them!

I always feel blessed to team up with Wes Palmer to put this show together. There is a great group of local people who make it all happen as well. Kathie spearheads everything, Tom runs the deck and site, Aurelian works on donors and swag, Terry is the donation guy.

Mike DeBerg, who also competes in the local portion put together the crew that did all of the log turning.

We had winter at Sierra Timberfest this year.

Snow was accumulating by the end of the show.

But competitors, volunteers and the audience stuck it out!

There are plans to move the date next year to later in the year to hope for better weather. Thanks to all who took the time to travel to this beautiful show in the high Sierras!

Chrissy
